

Freestyle Malta

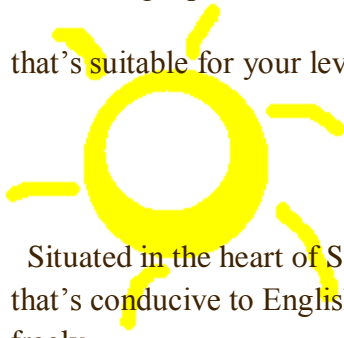

On Freestyle course you will combine your English lessons with a full and fun activity program. Whether travelling alone or as part of a group, you will meet other young people from all around the world. It's a great way for you to learn English, make some new international friends and enjoy all that sunny Malta has to offer.

Course

At EC Malta you will take a General English course. No matter your level of English, this course will improve it. Taking 20 lessons a week, you will learn the English that is of use to you. With an emphasis on fluency, lessons also focus on the four key English skills: speaking, listening, reading and writing. There's no need to worry about your ability: after taking a placement test on your first day, you will be put in a class

that's suitable for your level.

Situated in the heart of St. Julians, our centre provides a secure location that's conducive to English learning and that enables students to socialize freely.

Students will learn in a fully air-conditioned, bright and modern complex. For the convenience of students, our centre is just minutes away from the student accommodation.

Centres

Accommodation

Students will stay in a modern and friendly hotel in St. Julians, and just minutes away from the beach.

Board status: Half Board / Full Board

Type of rooms: Triple or Twin (with twin room supplement payable)

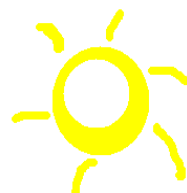

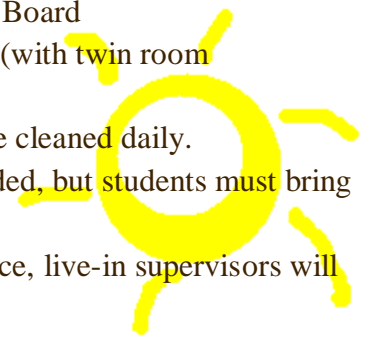

Rooms and communal areas are cleaned daily.

Bed linen and towels are provided, but students must bring their own beach towels.

For added security and assistance, live-in supervisors will stay at the hotel.

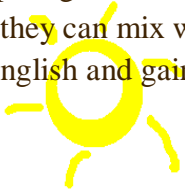

Student rooms include: desk/table, lamp, storage space, TV and air-conditioning.

All rooms include ensuite bathroom

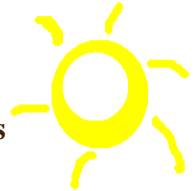

Activities

When not in class students will be making the most of their time participating in a fun, scheduled, social program where they can mix with other students, practice their English and gain some unforgettable experiences.
